Subject: Re: A great year

Clyde, I am so grateful I joined TM. I never would have met such wonderful, fun people. People who are not afraid to be themselves. I consider you one of my best "TM friends" and as I was telling a co-worker today: in the real world, it is hard to have male/female friends. Somebody is always reading something into everything.

In TM, it is natural and that is the way it should be. I think part of it is because people who really take a chance, work the program, and grow....become self assured and understand the value of friends, are not afraid to reach out, etc.

Thank you for always being so helpful. See you in Bismarck this fall!

Hey, I sent in the papers for the new club at spirit lake and put Neal and Tom as mentors. Korrie is a sponsor. They will be having their 1st meeting May 12th. I know they could really use your expertise to get off on the right foot also. They are going to meet every other week.

Thank you for presenting one of the most Thought provoking and talked about Sessions I can remember. You certainly gave us some views I hadn't thought of and I'd wager most people in attendance hadn't either. I really appreciate your enthusiasm. Thanks for keeping me on track at the Business meeting too. Good Luck with your new club!

Sincerely

You are certainly UNcommon!  
You did a super job with the Demo  
MTG, explaining the duties and  
helping everyone feel at ease.

I also appreciate your planning and  
the organization that went into the  
meeting. We really put our  
Best Foot Forward!

Good Luck on getting the Club  
Built. I look forward to coming  
back soon for the Charter Banquet  
of our NEWEST CLUB!

Have a Great month -

Mark Buschena
